REASONS FOR ALLOWANCE

1. Claims 1-4, 6-19, 21-27 and 29-46 are allowed.
2. The following is an examiner's statement of reasons for allowance:

With respect to claim 1, the prior art does not teach or fairly suggest an optical assembly including a laterally graded reflective multilayer wherein the reflecting surface has a sagittal curvature radius of less than 20 mm when taken in combination with all other elements in the claim. Claims 2-4, 6-19, 21-25 and 45 are allowed by virtue of their dependency.

With respect to claim 26, the prior art does not teach or fairly suggest a method of manufacturing an optical assembly with a reflective surface, the method including coating the substrate; and curving the substrate along a second direction different than the first direction; wherein a sagittal direction defines a radius of curvature which is less than 20 mm when taken in combination with all other elements in the claim. Claims 27 and 29-40 are allowed by virtue of their dependency.

With respect to claim 41, the prior art does not teach or fairly suggest a device including an optical assembly with a laterally graded multilayer having a reflecting surface, the reflecting

surface having a sagittal curvature radius of less than 20 mm when taken in combination with all other elements in the claim. Claims 42-44 are allowed by virtue of their dependency.

With respect to claim 46, the prior art does not teach or fairly suggest a device including an assembly including a laterally graded reflective multilayer wherein the reflecting surface has a sagittal curvature radius of less than 20 mm; and

wherein the optical assembly is operable to focus an X-ray beam emitted by an X-ray source onto a focalization point having a distance less than 90 cm from the X-ray source when taken in combination with all other elements in the claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
